SUMMARY

Enthusiastic about web development and user interface design. Throughout the bootcamp, I focused on honing my skills in creating visually appealing and user-friendly interfaces. I am passionate about utilizing technology to solve real-world problems and create meaningful user experiences.

SKILLS

HTML5	Stripe
CSS3	Firebase
JavaScript	TypeScript
Tailwind CSS	Node JS
SCSS	Express JS
React	Mongo DB
React Query	MySQL
Materail UI	Postman
Redux Toolkit	Github
Zustand	

PROJECTS

Portfolio

I developed a responsive React web application with an intuitive user interface, featuring a stylish dark mode option seamlessly integrated using Zustand. This project showcases my proficiency in frontend development, user experience design, and state management with React.js and Zustand. Additionally, I incorporated Framer Motion to add smooth and visually appealing animations, enhancing the overall user experience.

MERN Ecommerce App

I created a MERN Ecommerce application, seamlessly integrating MongoDB, Express.js, React.js, and Node.js. Notably, the app boasts a sophisticated dark mode feature, enhancing user experience in various lighting conditions. With secure user authentication, seamless product management, and intuitive checkout processes, this project showcases my proficiency in full-stack web development. Additionally, I implemented features for users to leave reviews and like the review, enhancing interaction and feedback. I also incorporated Framer Motion to add smooth and visually appealing animations, such as dynamic product transitions and engaging page navigation, further improving the overall user experience.

EDUCATION

Zuitt Coding BootCamp
